

CITY COUNCIL REPORT
PUBLIC

DATE: April 15, 2016

TO: Mayor and Council Members

FROM: Patrick Brown, Senior Procurement Specialist

CC: Josh Copley, Barbara Goodrich, Shane Dille, Leadership Team

SUBJECT: A.R.S. Expenditure Caps for On-call Professional Services

This CCR is in response to a council member's question regarding proposed Citywide Professional On-call Consulting Services contracts, Staff Summary for Council Agenda for April 19, 2016, agenda item 9C. He asked for the Arizona Revised Statutes (A.R.S.) expenditure cap limits for each discipline.

DISCUSSION

The proposed Professional On-call Consulting Services contracts are for services necessary for the design of public work projects, and are governed by A.R.S. Title 34. A.R.S. § 34-103 imposes the following expenditure caps on professional services contracts:

	<i>Previous Cap</i>	<i>Revised Cap (new)</i>
Architecture	\$250,000	\$250,000 (no change)
Landscape Architecture	\$250,000	\$250,000 (no change)
Engineering	\$250,000	\$500,000
Geotechnical	\$250,000	\$500,000
Survey	\$250,000	\$500,000

The on-call contracts will be following A.R.S. requirements as standard practice of the City.

RECOMMENDATION / CONCLUSION

This report is for information only.
